[57. Instructional Staff Recommendations](#)

[📎 Instructional Staff 09-08-2022.pdf](#)

Mr. Susin made a motion to remove Wardell Jefferson-Collins from being appointed to the Cocoa Beach High School head basketball position for reasons discussed at the previous Board Meeting. The motion was seconded by Ms Jenkins and was then open for discussion.

Mr. Susin stated that it isn't an argument over who is a better coach. He explained that he believes the burden of proof falls on the district to change a ruling from a previous arbitration before moving forward with an appointment. Mr. Susin explained what transpired since the last meeting pertaining to this topic.

Ms. Jenkins stated that district staff did not do anything intentionally wrong or inaccurate. She believes this is the due process that should happen and we are following appropriate steps, but she personally doesn't think that we should appoint someone while in the middle of an arbitration.

Ms. McDougall stated that Mr. Jefferson-Collins has already been connecting with students on his own time, not on school grounds. Ms. McDougall explained that she is looking to meet the needs of our students as they should have a coach.

Ms. Campbell explained that even if the arbitration could have been held within a couple of weeks from our last meeting, each side would then have 30 days to turn in their briefs, followed by another 30 days for the arbitrator to issue an opinion. She stated that due to this process, there is the potential that the decision on this case would not be made until after basketball season. It is not a requirement that an arbitrator would make the Board change the position in the middle of a season.

Mr. Susin reiterated that the burden of proof falls on this district, and it is not a matter of the quality of the coach. He explained that there has been an opportunity for the arbitration team to meet, in addition the arbitrator takes into consideration the affect on the students. He stated that he feels that we could have had this done prior to the season.

Ms. Jenkins reiterated that she feels we should wait until the arbitration is over, but does not believe we should be leaving the students without a coach. She stated that the district will have to honor the results of the arbitration.

After the Board took action on this item, Dr. Mullins provided additional clarification pertaining to the process and clarified that staff's actions were done appropriately and consistent with past practice. He stated that his staff has been ready for weeks and the outcome is dependent on five other parties.

61. Legislative Platform Issues

Chairman Belford explained FSBA's deadline to submit legislative platform requests. Ms. Campbell added this item for discussion to see if there were topics that should be provided to FSBA.

Ms. Campbell stated that there is not a requirement to submit topics, but if there is an interest to submit anything, this would be the only opportunity to have the conversation and submit prior to FSBA's deadline. Ms. Campbell suggested items that were submitted before to see if there was interest in submitting again, specifically pre-k teachers or the definition of classroom teachers to, include all instructional personnel.

Ms. Belford stated that there should be a push on student station costs. Discussion ensued pertaining to this topic.

Mr. Susin explained that there has been some interest in a review commission to review the regulation of the DOE on the school district to reduce some of the workload we are having to deal with (paperwork, etc.). Discussion ensued pertaining to this topic.

Ms. Jenkins stated that it is critical that FSBA gets into the fight when it comes to accommodating the salaries of our teachers and staff. She explained that the district is legislatively handcuffed when it comes to how we can provide raises to our staff.

Dr. Mullins stated that FADSS and FSBA collaborate across organizations/associations and he explained some of the conversations he has had while serving on FADSS' Board of Directors which include, 1) begin discussion on or propose to move TSIA allocation into the FEFP as a separate categorical and 2) reconsideration of the calendar year sit out for an individual who retires and does DROP in order to come back into the system. Dr. Mullins provided further explanation on both topics.

Ms. Belford will prepare verbiage to include all topics discussed and will share with the Board once complete for any feedback.
