[32. Board Policy 2521 - Instructional Materials Program](#)

[1 - po2521 with Coverpages - Rev 3.22.23 For Rule Dev & Info.pdf](#)

Seven individuals addressed the Board on this policy.

Ms. Jenkins stated that she is against the changes as she does not understand why professionals are being taken out of the discussion and leaving five members appointed by the Board. She further explained why she felt this was a conflict of interest and how this policy is creating more inequity for students.

Ms. Campbell stated that state law gives the responsibility to the School Board for all instructional materials in our schools and these materials are not to include things specifically outlined in Florida Statutes 1006.28 and 847.012 and she takes this responsibility seriously. She explained that statute and Board policies still provide for our media specialists to have the primary responsibility. Ms. Campbell stated that statute requires School Boards to have a policy to address challenges. She explained the importance of our media specialists and how they are still part of the process when challenges are made. Ms. Campbell stated that policy making is a collaborative process and provided additional clarification pertaining to this policy.

Mr. Trent agreed with statements made by Ms. Campbell and asked that everyone trust the process. He stated that the Board will air on the side of caution and believes that the committee is going to as well.

Ms. Wright stated that when she hears the books that are being read, she is bothered with the argument that it should be in the hands of a child. She stated that books are not banned, but they may not be appropriate for the setting. Ms. Wright agreed with Ms. Campbell's statements on statute and the Board's responsibility and explained that she is not in support of exposing children to explicit books.

Mr. Susin explained that all points addressed were valid and took a moment to thank everyone on both sides.

[35. Department/School Initiated Agreements](#)

[a - 20-742-A-JE FGCU Amendment.pdf](#)

[b - 23-578-BW-MC Loving Guidance.pdf](#)

Ms. Wright expressed concern with item "b" and the spending of \$225,000 to send teachers to this training based on discussion earlier during the Work Session pertaining to conscious discipline and shared some of the data that was provided to the Board. She stated that she is not in support of approving this item and made a motion to remove 22-578-BW-MC – Loving Guidance, Inc.

Ms. Jenkins expressed that it is interesting when Board Members make judgements and decisions on the fly without inquiring about them ahead of time. She stated that the decision is based on a piece of the presentation from the Work Session, but those who presented the information still support the program. Ms. Jenkins further explained her frustration as the Board is continually taking away resources for children who may not have access to the same environment as others. She expanded on the programs' benefits for students.

Mr. Susin clarified that tonight's vote is for a \$225,000 five-day, 200-person training on conscious discipline.

Ms. Campbell pointed out that, as presented during the Work Session, the funding for the \$225,000 contract is coming out of Title IV which has very specific parameters for using. She expressed concern as there are already principals in the middle of the program and some are anticipating starting it next year. She asked if this is not approved, what does it look like for those who wanted to participate and would it take away access to the coaches and other things. Mr. Reed, Systems of Support Director, provided clarification on the consequences should this not be approved. Ms. Campbell reiterated the use of funding and that staff have expressed how the program has benefitted them. Ms. Campbell expressed that she felt it needs to be approved and further explained why.

Mr. Trent stated that the pros and cons were discussed during the Work Session, and it does matter where the funds are coming from and understands how they can be utilized. He shared that he was close to moving this to a later date as we are so close to appointing a Superintendent and he'd like to hear his/her input but realizes that is not an option. Mr. Trent assumed this item would move forward but would have lots of eyes on it as the data is not currently supporting the use of conscious discipline.

Mr. Susin explained that there are a lot of other expenditures that you can use this funding for aside from the training.

Ms. Jenkins explained that the training is the program and stated that the attachments were added to an agenda on March 27th and March 30th and asked that Board Members respect staff and ask these questions ahead of time.

Ms. Wright stated that conversations cannot happen unless in the Sunshine which is why she is expressing her concerns in front of the Board, which are substantiated based on the data received during the Work Session. She stated that she feels confident that there are other professional development opportunities available to utilize the funds on. Ms. Wright stated she is not in favor of approving this item.

Ms. Jenkins stated Sunshine applies for Board Members but doesn't stop discussing/addressing with staff ahead of time. She stated that if questions were answered, there may not be a need for discussion in the Sunshine.

38. Transportation Incentive Proposal

Ms. Campbell thanked staff for doing the work to make this happen.

Mr. Trent stated that this is a step in the right direction and expressed appreciation to staff. He understands that it is not a long-term solution but is an opportunity for the Board to thank those who are getting our children to school.

Mr. Susin thanked all the bus drivers who filled the gaps and explained how this has not happened in other school districts. He stated that this incentive honors these individuals for stepping up. Mr. Susin provided Ms. Wright credit for making this happen.

Ms. Wright thanked staff and shared stories she heard while visiting the compounds. She stated that providing transportation to students is a vital role in the school system and she is appreciative of their work and celebrates this victory with them.

Ms. Campbell explained the process for voting on this item and provided clarification for the com shared her concerns with opening the new middle school close to capacity with additional growth the future and explained potential outcomes should it go over capacity. Ms. Campbell stated that impact fees up as the south area is going to need a new school and explained how parents are all why there is only one middle school in Palm Bay. She shared that her priority for any new constru to do it with no debt.

Mr. Susin stated that he appreciates Ms. Campbells' concerns on future growth, and she is 100% pertaining to the debt flow. He explained options that could be considered in the event that there expansion/growth. Mr. Susin thanked Ms. Campbell for bringing up her points which are valid and taken care of.

J. Staff Reports

K. Board Member Reports/Discussion Points

47. Board Member Reports/Discussion Points

Mr. Susin addressed a couple of topics that were discussed at a previous Work Session to see if the Board were ready for final decision, which included:

- Continued Use of General Counsel Evaluation Tool from 2022
 - The Board was in support of using the same tool.
- Renewal of FSBA Membership Dues
 - Gene Trent, Katye Campbell and Matt Susin all agreed to renew their FSBA membership dues.
- Strategic Community Summits
 - Mr. Susin shared an opportunity to host community summits to collaborate with various groups who would align with our strategic planning (veterans, faith-based, health, etc.) where the topics would be developed jointly based on the needs and support of each organization. He explained that if the Board was in support, he would work with Ms. Hann to set up some dates. Mr. Susin also addressed meeting with our City Councils. Ms. Hann provided her input on having the city council meetings as there are a lot of topics that need to be discussed together and the topics depend on the community. She provided an example of the City of Cocoa who have been supportive to our programs financially and this would be an opportunity to recognize them for their work. Ms. Hann also discussed various support from other municipalities in Brevard where we share facilities. She stated that the municipalities would have topics for our support as well, one of which is workforce development. Discussion ensued among the Board pertaining to this topic.

The Board was in support of scheduling these meetings.

Ms. Campbell provided an update on the FSBA Nominating Committee Meeting and stated that the Board should have received a report. She offered the Board to reach out to her to discuss further as it would not be a Sunshine issue and shared that she feels comfortable with the nominees put forward.

Ms. Campbell stated that the Superhero Cafeteria Week is the first week in May. She challenged the Board to volunteer in the cafeteria that week in costumes and with hair nets.

Mr. Susin reminded the Board to go out, maybe tomorrow, to say thank you to the bus drivers and mechanics at the compounds and to focus on what the Board just did, which is pretty amazing.
