

SCHOOL BOARD OF BREVARD COUNTY, FLORIDA

BOARD AGENDA ITEM – October 6, 2020

PROCUREMENT SOLICITATION

20-720-B-NC-A1: Fuel Tank Cleaning & Servicing Fuel Sites

- Amendment

<input checked="" type="checkbox"/> (ITB) Invitation To Bid	<input type="checkbox"/> (ITN) Invitation To Negotiate	<input type="checkbox"/> (PB) Piggyback
<input type="checkbox"/> (RFP) Request For Proposal	<input type="checkbox"/> (RFQ) Request For Qualifications	<input type="checkbox"/> (SC) State Contract
<input type="checkbox"/> (SS) Sole Source		

REQUESTOR: Transportation

Legal Review Required: Yes No

Standard Template Used with No Changes: Yes No

Standard Template Type: ITB

VENDOR NAME	AMOUNT AWARDED	REQUIRED PRODUCTS/SERVICES
Tank Wizards Inc.	Variable (No Change)	Fuel Tank Cleaning & Servicing Fuel Sites
Total	Variable (No Change)	

<input type="checkbox"/> Contract Renewal	New Contract Amount	N/A
<input type="checkbox"/> Recurring Contract	Previous Contract Amount	Variable
<input checked="" type="checkbox"/> Amendment	Variance	N/A

PRICE INCREASE / DECREASE EXPLANATION: N/A

DISCUSSION:

The harsh climate of Central Florida, especially along the east coastline, requires additional preventative measures in order to maintain the district's bulk fuel storage tanks. Water vapor from atmospheric humidity, salt and other particulate matter and algae growth all contaminate the fuel stored in our bulk tanks. This contamination in turn is transferred to the vehicle that use this motor fuel and increases the amount of preventative maintenance and vehicle down time. The services provided by this vendor will prevent contaminates in our bulk tanks and reduce the amount of preventative maintenance and vehicle downtime.

This amendment is to update a tank capacity for one of the sites, Manatee (Viera) Bus Compound, and to add a site, Eau Gallie Bus Compound, that due to scrivener's error was left off the original bid, and to update the dispenser information for the Cocoa Bus Compound.

The standard Invitation to Bid template has been used, which does not require legal review.

CONTRACT TERM:

The initial contract term commenced on May 27, 2020 and continues until May 26, 2023 with one (1) optional two (2) year renewal period.

RECOMMENDATION:

It is the recommendation of Robin Novelli, Chief Operating Officer, and Dr. Michael Miller, Director of Transportation Services, to approve the amendment to the previously awarded bid.

AUTHORITY FOR ACTION:

Florida Administrative Code 6A-1.012 (9)

		Note: No leak detectors installed		
		Note: No leak interstitial monitoring		
		Pump Dispenser (Clean)	Monthly	\$75.00
			TOTAL:	\$225.00

AST Release Detection - Visual Inspections

You are required to visually inspect your storage tank system components every month (not to exceed every 35 days) and document your findings. Your findings must be maintained for 3 years and made available for inspection by the Department or contracted county. A monthly visual inspection is not required for any component that uses an electronic release detection method; however piping and dispenser sumps that use electronic devices must also be visually inspected every 6 months and records kept for 3 years.

AST Release Detection - Electronic Devices

Electronic release detection devices shall be inspected for proper operation every month (not to exceed every 35 days). A record or summary of the alarm history, sensor status and testing results shall be printed from the device and kept for 3 years. If the device does not have print capability, then a manual log must be maintained.
