

**FALL
ATHLETICS
2020-21**

Highlights of Fall Sport Plan

BPS Fall Sports Plan is based on recommendations from FHSAA and SMAC

All Fall Varsity Sports are able to complete a season and be qualifying for FHSAA State Series

Travel has been minimized for all sports minimizing both cost and health & safety concerns

Students will continue to have an opportunity, not only to participate in sports, but also show school spirit and a return to social engagement with precautions in place for safety

Stage 1: June 22 nd – August 25 th	Voluntary conditioning, small groups <10, no shared equipment, no shared hydration stations
Stage 2: August 26 – September 5	Voluntary conditioning, larger groups <50 outdoors only, no shared equipment, during indoor meetings 6 ft requirement between participants
Stage 3 /Full FHSAA Practice: Sept. 8 – Sept. 19 First Game: Week of September 21 st Season End: November 6 th (Per FHSAA)	Full contact; hydration stations allowable, <50 indoors or outdoors Continued Precautions: When not directly participating in practices or contests care should be taken to maintain 3 – 6 feet between each participating individual outdoors and 6 feet indoors.

Varsity Football

- District is divided into 2 divisions. Each division includes crosstown rivals. This maximizes gate and minimizes travel.
- Each school plays each team in their division.
- 7 game schedule provided by District.
- Only in-county games will be scheduled.
- No more than 50 students on each team (FHSAA recommendation).
- No Junior Varsity (JV) to be played.

Stage 1: June 22 nd – August 22 nd	Voluntary conditioning, small groups <10, no shared equipment, no shared hydration stations
Stage 2: August 24 th – August 29 th	Voluntary conditioning, larger groups <50 outdoors only, no shared equipment, during indoor meetings 6 ft requirement between participants
Stage 3 /Full FHSAA Practice: August 31 st – September 12 th	Full contact; hydration stations allowable, <50 indoors or outdoors
First Game: Week of September 14 th	Continued Precautions: When not directly participating in practices or contests care should be taken to maintain 3 – 6 feet between each participating individual outdoors and 6 feet indoors.
Season End: October 10 th (Per FHSAA)

Bowling

- District is divided into 2 divisions. Each division is based upon geographic location. This minimizes travel.
- 5 match schedule provided by Bowling Proprietors
- Only in-county competition will be scheduled.
- Additional Cape Coast Conference Championship Match

Universal Precautions

- BPS athletic programs may change in accordance to updates from the Centers for Disease Control (CDC), the Florida Department of Health, or other state or local directives. We will remain flexible and review the Return to Activity Plan as new information becomes available. This includes the plan halting or regressing the Stages described if deemed necessary.
- ALL student athletes must have a current pre-participation physical (EL2), 2020-21 updated Consent Release and Concussion form (EL3), and BPS ECG Clearance Form. All other students participating in a summer activity must have an Assumption of Risk form on file.
- Each school's athletic/activity programs will operate with the approval of School and District leadership in moving forward through the each season. If programs are out of compliance with BPS health and safety guidelines, the program shall be suspended until such time as the program can be brought into compliance with the guidelines or new CDC or FDOH guidance is given that restrictions or precautions are no longer needed to combat COVID-19.
- Decreasing potential exposure to respiratory droplets is the guiding principle behind social distancing and the use of face coverings. Coaches/Sponsors are required to wear cloth face coverings when social distancing cannot be adhered to.
- Celebration is a natural part of athletics and team building. Coaches/Sponsors should develop a way to celebrate the hard work and personal victories of their teams that honor social distancing. These non-touching celebrations can include a team or school chant or rally cry, "air" high fives, a double-handed wave, finger pointing directed at the individual being celebrated, or a salute that the team or school personalizes for their student-athletes.
- No visitors are allowed at any activity on campus as per the Reopening Schools Plan. Only coaches, sponsors, administrators or students scheduled for the specific time are allowed during these sessions.
- No out-of-county travel is permitted as per the Reopening Schools Plan.

Screening Procedures

- All coaches/sponsors and students will be screened upon their arrival on campus for signs/symptoms of COVID-19 prior to a workout or competition. Screenings include questions listed on the monitoring form as well as a temperature check. Responses to screening questions for each person will be recorded on the COVID-19 Coach/Student Monitoring Form and stored so that there is a record of everyone present in case a student develops COVID-19.
- Any person with any symptoms will not be allowed to take part in workouts or competitions and should contact his or her primary care provider or other appropriate health-care professional. The student will not be allowed to participate for 10 days or until released by a physician.
- Taking into account the potential for environmental factors causing an elevated temperature, should the temperature be elevated, it is appropriate to isolate the individual and recheck the temperature after 5-to-10 minutes of sitting in a cool environment

Face Coverings

- Athletes should follow Reopening Schools Plan guidelines. Additionally face coverings requirements include:
- While in classrooms or locker room and on the field of play during any pre-warm up walkthrough which does not require increased demand on the student-athletes' cardiorespiratory system (i.e. pre-game walking of the field in football) face coverings should be worn.
- While on the sidelines/benches and not actively engaged in competition "field of play" whenever social distancing cannot be adhered to face coverings should be worn.
- Schools will have an effective plan to allow student-athletes to wear face coverings while in bench areas but quickly remove face covering to enter "competition" and keeping individualized face coverings separate and isolated in a container or plastic bag when not in use.
- Coaches and game day personnel (Sports Medicine staff, SID's, media, film crews, ball crews, etc.) will utilize face coverings when social distancing cannot be adhered to.
- Exceptions as outlined in the Reopening Schools Plan still apply.

Sidelines and Benches

- Each sideline/bench will have enough hand sanitizing stations to satisfy the need of sideline/bench capacity
- Teams will not share water bottles in competition
- Only Sports Medicine staff or designated game day managers will be allowed to access and utilize water coolers.
- All benches will be wiped down using proper cleaning agents before and after competition. Wipe down bench spaces as frequently as possible throughout competition.
- Towels will not be provided by the host site. Student-Athletes should not share their towel with other members of their team.

Sidelines and Benches cont.

- Used towels will be placed immediately in an open bin container to avoid cross-contamination. This container should be clearly identified as soiled laundry.
- Sideline personnel will be limited to participating athletes, coaches, medical staff and gameday staff; however, anyone on the sideline or involved with the contest will adhere to these guidelines.
- When possible, benches and sidelines should provide adequate seating to allot for individualized seating for all student-athletes and members of the coaching staff when possible, for each team to allow for appropriate physical distancing (minimum 6 feet apart) when not on the field

Locker Rooms

- Locker Room will be cleaned and sanitized at least daily
- Clean and disinfect frequently touched surfaces at least daily (more frequently is recommended) and shared objects between each use.
- Cleaning schedule should be displayed outside of locker room, including date and time stamped.

Locker Room Etiquette

- Participants and staff will be required to wear face coverings in the locker room.
- Changing of clothes and showering at the facility will be discouraged.
- Safe distances in the locker room of at a minimum of six feet between occupants will be maintained.
- Consider a rotating schedule for players in and out of the locker room (and training areas) to avoid potential congestion.
- Encourage student-athletes to transport their individual equipment including uniforms, towels, and shoes in a designated bag so they can take it home and disinfect appropriately daily or more often if needed.

Locker Room Etiquette Cont.

- For away games, designate a bin for transportation of uniforms/washable items
- All athletic training rooms, locker rooms, weight rooms, meeting rooms and any other gathering places will be cleaned according to the most-up-to-date CDC guidelines. Schools and/or host facilities should be vigilant about not only cleaning throughout the day but also conducting a thorough cleaning at the end of the day of all the aforementioned areas.

Travel

- Include on the travel roster only those student-athletes on the active roster.
- Bus transportation will follow Return To School Transportation Guidelines

Game Day Staff

- Only gameday staff and officials with accepted temperatures of less than 100.4 F will be allowed to participate.
- Self-Screening should be performed and reported to host site institutional site administrator prior to travel to competition venue.
- Upon arrival to event venue, prior to entering competition facility, temperature should be assessed and subjective screening questionnaire completed.
- If a game day event staff member or official reports an abnormal screen, either based on symptoms or temperature level, the individual should wear a face covering and be sent immediately to a designated area for isolation and school's action plan implemented.

Venue

- Cheerleaders, mascots, and dance team will only participate at events where social distancing of at least 6 ft. can be observed. Direct physical interaction with and sharing of equipment and “apparel” with fellow cheerleaders, mascots and dance team members, including those from the opposing team(s) and fans will be prohibited.
- Cheerleaders, mascots, and dance team cannot occupy space where the sports team is located.

Spectators

- Each stadium will operate at 25% capacity
- Spectators should verbally attest to each of the COVID-19 verbal screening questions. These questions will be posted at every venue.
- Spectators are encouraged to wear face coverings.
- Spectators will be restricted from direct competition areas and from visiting with student-athletes and personnel before, during and after events
- Spectators will not congregate in walkways, hallways, common traffic areas, or gymnasiums.

Spectators Cont.

- Spectators should always practice physical distancing with those outside of their direct family parties.
- Schools are highly encouraged to have appropriate signage promoting these physical distancing guidelines.

Sport Specific Guidelines

- Sport specific guidelines will be based on FHSAA recommendations to be determined by Brevard Public School Athletic Directors.
- Athletic Directors are meeting on Wednesday, August 26th.
- Guidelines will be provided to schools prior to Stage 3/Full FHSAA Practice

Marching Band

- TBD
