PRICE INCREASE / DECREASE EXPLANATION:

The contract amount has been changed from \$49,999.00 to \$75,000.00 due to unexpected student transportation requirements. We were unable to secure a second vendor to transport students in transition and continued problems with the recruitment of bus drivers more students were transported by ALC than originally planned. ALC has been the sole outside agency willing to provide services. As a result, all transportation needs of students in transition that could not be met through BPS transportation were met by ALC.

DISCUSSION:

ALC provides students with special transportation needs. There has been an increase of Homeless Children and Youth this school year due to students returning to school after COVID. Brevard Public School was awarded 1 million dollars under the American Rescue Packet for Homeless Children and Youth to help eliminate barriers for our homeless students, transportation being one of those barriers. All transportation requests are routed through the Brevard transportation department first, if not able to route it is sent to ALC transportation.

The standard piggyback agreement template has been used, which does not require legal review.

CONTRACT TERM:

The initial contract term is November 15, 2021 through August 15, 2022, with two (2) additional (1) year renewal options.

RECOMMENDATION:

It is the recommendation of Christine Moore, Assistant Superintendent of Student Services and Chris Reed, Director of Student Services to approve the price increase for ALC Schools, LLC Transportation Solutions in the annual amount of \$75,000.00.

AUTHORITY FOR ACTION:
