School District of Abbotsford Abbotsford, WI 54405

Developed a growth model for a 4K-12 Title I school district that was made up of 55% Hispanic and 45% Caucasian. Our EL population exceeded 40%. Over five years the leadership team was able to create a Dual Language Immersion Program for grades K-5 at the elementary thereby allowing for enrichment coursework for English speakers and an opportunity for Spanish only students to learn English while not falling behind in the core areas of curriculum. Additionally, my leadership led the Board of Education through several building and renovation projects while consistently balancing a budget of \$13 million. Students scores consistently rose as leadership and staff tackled the challenges presented to us.
