

DeLaura Middle/Satellite High School to Cocoa Beach Jr./Sr. High School Attendance Boundary Change Public Survey

Comment #	Timestamp	Name	Select the answer that best describes you	Do you support this proposal to redistrict to Cocoa Beach Jr./Sr. High School?	Comments
1	2021/11/08 12:36:06 PM EST	Lydia	STUDENT	YES	I am responding to the question about DeLaura/Satellite to Cocoa Beach. I think the zone change is a wonderful idea. If the zone change happens, I can go to CBHS and not be taken away from my friends of 5+ years. It has never made sense for PSFB and other kids attending Roosevelt to have to go to DeLaura and Satellite High School, when Cocoa Beach Jr. Sr. Highschool is right next door. I went to CBHS and I thrived there. This year I have to do virtual school because I do not have transportation to CBHS and I really don't want to go to DeLaura or go to Satellite next year. Please do the zone change.
2	2021/11/10 11:17:54 AM EST	Laurie Voorhees	PARENT	NO	There is no need for this, and since my child is in a satellite High school program, I feel it's unfair that I would have to drive her as the bus service will not be available. Totally wrong and unfair.
3	2021/11/10 1:16:12 PM EST	Janette Henriquez	PARENT	NO	My family and I are against this decision. All of my daughter's friends are at DeLaura. She has friends that reside at the other military community on Satellite Beach (Pelican Coast) which those children will remain at DeLaura. We moved to this area after retirement for the purpose of the great Satellite Beach schools and community. We are very worried and sadden about this proposed decision. Thank you for letting us voice our comments.
4	2021/11/10 6:43:16 PM EST	Leslie E Tatum	PARENT	NO	Good evening, We moved our business here after my husband retired from the Navy in 2019. We chose Satellite Beach because the schools were said to be awesome and we quickly found out that that was true. We lost our business in 2020 but our girls were so happy here at DeLaura that we decided to stay. We were renting in Satellite Beach, but when the owners decided to sell, we moved to Patrick AFB and we love it here. It allowed us to keep the girls at Satellite High, where they attend now. I absolutely do not agree with the rezoning proposal. My girls have attended six different schools now mostly because of my husband's Navy service and now they have found a home at Satellite High and they are truly happy. Please please please don't take this from them. Sincerely, Leslie Tatum
5	2021/11/10 6:54:18 PM EST	Leslie E Tatum	PARENT	NO	This is additional information : We only have twin daughters at Satellite High. No elementary or middle school children. Thank you
6	2021/11/10 9:52:10 PM EST	Jason Gozikowski	PARENT	NO	We have a son in 11th grade at Satellite High School and this change will impact him. The Rezone will make him change schools for his Senior year. We believe this is unfair to our son as this type of change in his Senior year can have significant impacts on his grades. We would prefer for our son to remain in the same school for his final year of High School.
7	2021/11/11 4:59:42 PM EST	William Cooper	PARENT	NO	I move to Patrick air force base so my 3 kids could go to Satellite High School . I have a daughter graduating this school year. One is a junior and my youngest is 7th grade. I want to make sure my 7th grader get to go to Satellite High. I can't afford to rent or buy in the satellite school area. Satellite high school is a great school. There aren't that many kids on Patrick air force base so just leave them as is. Please
8	2021/11/13 8:03:23 AM EST	Johnson Family	PARENT	NO	Satellite and Delaura are better and our children already go there. Our kids don't have much stability being military children please don't make them switch schools. My son is thriving as a Freshman at Satellite who plays football and wants to stay to graduate from there. Give our children stability when then can have it. Plus the commute to Satellite and Delaura makes more sense. I never understood why kids in our community have to go to Roosevelt while middle and high school was beachside for sure pick a side and put all the kids in one place instead of splitting locations like they are now. I vote keep everyone at Satellite area.
9	2021/12/07 10:51:00 AM EST	William D Cooper	PARENT	NO	Move the elementary school kids to Holland. It would affect less people. I moved here from Milton, Florida just to get my kids in Satellite High School. One is a senior, one is a junior and one is in the 7th grade at DeLaura. I live on Patrick north housing and cannot afford to live off Base.

Mark Rendell to Everyone

Good evening everyone.

Alejandro Reyes to Everyone

Why does this meeting sound like this decision has been reached?

Me to Everyone

This is a community information meeting. The School Board will still take an official vote

no offense to cocoa beach but I have 2 kids one in Delaura and one at satellite and they absolutely hate this idea. I also hate this idea! My question is will they be forced to go to this school?

Sue Hann to Me (Direct Message) 06:09 PM

Robert has his hand up

Alejandro Reyes to Everyone 06:09 PM

How is this not stressful for the kids if they already move alot ? It is always stressful for them to move to totally different schools.

Robert B-Duane Blanton Plumbing to Everyone

RB

I know a lot of parents aren't here but the parents and kids ive spoke with on base, none of them like this idea. Just keep that in mind

ty

Alejandro Reyes to Everyone

AR

This is a great idea for incoming students from PAFB, why not make the new residents funnel to Cocoa and keep the current children at their current school until they transfer or graduate.

Robert B-Duane Blanton Plumbing to Everyone

RB

that's exactly what I was thinking aejandro

RB

that's exactly what I was thinking aejandro

Alejandro Reyes to Everyone

AR

So we will have to move off base?

Alejandro Reyes to Everyone

AR

disregard

mark rendell has a fine school but we love statellite

DeLaura Middle and Satellite High to Cocoa Beach Jr./Sr. High Attendance Boundary Emails

Tues, 11/30/2021

To Whom it may concern,

Regarding the proposed re-zoning of Patrick SFB. I have two children who are currently enrolled at Satellite High, one in 11th grade and one in 9th grade. I cannot find the previous email from the base liaison regarding the issue but wanted to inquire about the Special considerations for rising 11th and 12th grade students at Satellite and options for my child rising to 10<sup>th</sup> grade. What are the timelines to submit packages for exception to attend and is there a website with package details?

Ellis Garner
