

MEMORANDUM

To: Independent Citizen Oversight Committee Members
From: Susan Hann, P.E., AICP, Assistant Superintendent Facilities Services
Date: August 12, 2020
Re: Consideration of Additional Allocation of Sales Surtax Funds

The development of the sales surtax renewal plan included a thorough review of all of District’s surtax-eligible capital renewal needs based on the numerous recently completed assessments. Projects that were identified as urgent needs or those that could be readily accomplished within the current surtax were included in the list as funded through the current surtax. Below is a list of the project recommendations that utilizes roughly \$18 million of the \$30 million estimated revenue through the end of the program. (The highlighted lines have been previously approved by the ICOC, as has some of the recommended allocation for student devices.)
