

# School Board of Brevard County

2700 Judge Fran Jamieson Way • Viera, FL 32940-6601

Mark W. Mullins, Ed.D., Superintendent

February 27, 2020

Dear Viera Community Families,

My name is Adrienne Schwab and I wanted to take this opportunity to introduce myself to you and your family. I will be the principal for the new Viera Elementary school opening August 2020 at 8300 Stadium Parkway. I am a product of Brevard Public Schools myself as are my two children. Prior to being named the principal of the new Viera Elementary school, I was the principal at Meadowlane Intermediate for four and a half years. I was also an assistant principal for three years and taught fourth and sixth grade prior. I feel honored, grateful, and blessed to continue to serve the community where I have gained my educational experiences.

Your address is currently located in zone B on the boundary map for the new school. This is an area that could potentially be re-zoned for the new Viera Elementary school as early as the 2021-2022 school year. I would like to give you more information about the exciting things happening at the new school this year as we open. This school is being designed and constructed with students of today and tomorrow's world in mind. Third through sixth grade will have access to one-on-one technology. All classrooms for grades kindergarten through sixth will have interactive Promethean boards allowing students to engage and manipulate lessons and instruction. All classrooms are being furnished with collaborative classroom furniture with flexible, high impact seating options to encourage collaboration while meeting the varying needs of all students. The Media Center will have a Maker Space area where students will have access to a computer skills lab as well as a STEM lab. STEM stands for Science, Technology, Engineering and Mathematics. STEM is important because it pervades every part of our lives. The STEM lab will have real life situations giving students innovative opportunities to explore and learn. The covered PE pavilion and adjoining asphalt basketball area will be a place for students to receive physical education and enjoy their recess time. The school is being built with today's enhanced security features and will include a separate golf cart loop for drop-off and pick-up for families. There will also be many opportunities for extracurricular clubs and activities for students to enjoy.

The 2020-2021 school year will be an open-boundary concept. I would like to invite you to apply as the application window is now open and will run through March 6th. The lottery selection will be held on March 12th with parents being notified through their family dashboard if their child(ren) were selected on March 13th. There is a \$30 application fee associated with this open enrollment opportunity. As always, waivers are available for families who qualify. The waitlist application period will open April 13 through July 17, 2020. All questions with regards to the application process, fee waivers and notifications can be found at [eic.brevardschools.org](http://eic.brevardschools.org). I am looking forward to all the wonderful things that the school has to offer, building relationships with the Viera community and continuing to serve all students with excellence. If you have any questions or concerns regarding the new school, please contact me at [schwab.adrienne@brevardschools.org](mailto:schwab.adrienne@brevardschools.org) or at 321-735-3397.

Adrienne Schwab  
Principal
